PREPARATION FOR YOUR EGD Esophagogastroduodenoscopy

ABOUT EGD:

An EGD is a procedure your doctor will perform to examine the lining of your esophagus, stomach and duodenum (first section of small intestine). The doctor will insert a flexible tube into your mouth, down your esophagus, into the stomach and small bowel looking for abnormalities. Prior to the procedure you will be given a sedative through an IV. You are **NOT** allowed to drive for the remainder of the day. It is recommended to have a person over the age of 18 stay with you for 6-8 hours after the procedure.

WHAT TO BRING AND DO PRIOR TO PROCEDURE:

- Please bring your PHOTO ID and INSURANCE CARD.
- Please bring a list of your current medications (including non-prescription) and allergies.
- **YOU MUST HAVE A DRIVER 18 YEARS OF AGE OR OLDER WHO WILL ACCEPT RESPONSIBILITY AND DRIVE YOU HOME.** They will be notified when your procedure is over and **MUST** be present at the time of discharge to receive instructions and teachings. You are **NOT** allowed to take a bus, taxi, Access a Ride, walk home etc.
- **If you do not have a ride, your procedure will be cancelled or rescheduled.**
- You should plan to be at our facility for at least 2 hours.
- Read prep instructions **THOROUGHLY**.
- **DO NOT DRINK ANYTHING FOR 3 HOURS BEFORE YOUR PROCEDURE.**

The Wyoming Endoscopy Center is located just North of Digestive Health Associates in New Bedford Square. The address is 7220 Commons Circle, Cheyenne WY 82009
